

# PUBLIC LEDGER

FIFTH YEAR.

MAYSVILLE, KY., THURSDAY, NOVEMBER 12, 1896.

ONE CENT.

LARGEST IN THE CITY.

## Purely Business!

The columns of a newspaper represent a cash value. No merchant can afford to give advertising "notions" free any more than a merchant can toss over his counter free gifts of goods or shoes. A newspaper is a genuine business concern. Its columns are its stock in trade, and advertisements should be paid for, no matter in what part of the paper they appear.

## The Continued Calls

upon THE LEDGER for free notices have become so numerous that we are forced to publish the following terms:

## For Notices of Successors

executions, sales, or other public entertainments where a fee is charged, and for obituary notices, residents of this city, at the rate of \$1.00 per line, and hereafter this will be the invariable rule. This, however.

## Does Not Include

notices of Lodge meetings or Church services, which must not exceed ten lines.

## Avoidance of Disputes.

Misunderstandings are unpleasant. The rate for Business Local in THE LEDGER is 10 cents a line for the first insertion and 8 cents a line for subsequent insertions. A customer orders a five-line local inserted in the paper. "I'll tell you when to take it out," he says to the bookkeeper. But he forgets all about it. The notice runs for two months—30 times—the bill is \$15.25. When he finds it out there is a "row" and a controversy. Probably by an act of feeling, now, to obviate this trouble, no "bill" notices will be accepted hereafter. Let's have a definite agreement at the outset and the termination will be pleasant all around.

"All matter for publication must be handed in before 9 o'clock in the morning of each day."

IF you have friends visiting you, or if you are going away on a visit, please drop us a note to that effect.

## MAYSVILLE WEATHER.

What We May Expect For the Next Twenty-Four Hours.

### THE LEDGER'S WEATHER SIGNALS.

White streamer—FAIR.

Blue—RAID or SNOW.

With Black above—WILL WARMER.

If Black's DEATH—COLDER WILL BE.

Unless Black's shown—no change in the case.

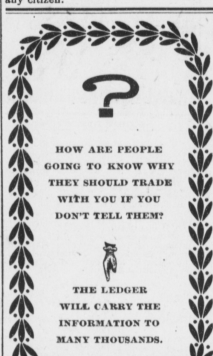

IF the above forecasts are made for a period of thirty-six hours, ending at 5 o'clock in the morning.

Five hundred Carter county coal miners have been allowed an increase of 10 cents a ton.

Colonel M. C. Russell, thankful for the honor bestowed in his selection, requests THE LEDGER to say that it will be impossible for him to serve as Grand Marshal of the Ratification Parade on Saturday afternoon.

Every one who places a wagon in Saturday's Jollification Parade is careful to decorate his own wagon, being careful to use anything that will offend good taste or be personally objectionable to any citizen.

HOW ARE PEOPLE GOING TO KNOW WHY THEY SHOULD TRAVE WITH YOU IF YOU DON'T TELL THEM?

THE LEDGER WILL CARRY THE INFORMATION TO MANY THOUSANDS.

## THERE'LL BE NO CONTEST.

The Vagarious Vaneburg Correspondent Again in Error.

WARREN LANE THOMAS.

The Louisville Times of Tuesday contained this special from Vaneburg:

"VANEBURG, Ky., Nov. 10th.—W. LaRue Thomas, Free-silver candidate for Congress in this Congressional District, this morning informed the chairman of the county campaign and executive committees, respectively, that he will contest Congressman Pugh's seat on the grounds of irregularity in voting, which he alleges occurred extensively in every county of the District. He enumerates eleven different species of irregularity which he will establish."

Armed with the above startling information THE LEDGER man yesterday sought Mr. Thomas at his office on Court street.

It was all news to that gentleman, inasmuch as he had never notified any committee, or any other man, that he had decided to contest the seat of Mr. Pugh.

Further than this, Mr. Thomas assured THE LEDGER that under no circumstances would he enter a contest for the mere sake of the fee which is usually given to a contestant; that he would not enter a contest unless it was patent that such irregularities had been committed as, when righted, would give him a clean and clear title to the seat.

## WEDDING BELLS.

### THREE COUPLES HAPPILY MARRIED.

Davis-Newell and Barkley-Smoot in This City and Hood-Owens in Flemingsburg.

DAVIS-NEWELL.

The residence of Hon. Henry L. Newell on Limestone street was yesterday afternoon the scene of a very quiet but a very pretty home wedding, the contracting parties being Miss Ella R. Newell, daughter of the host, and Mr. William R. Davis, only son of Mr. William Davis the well known coal merchant.

Invitations, which were verbal only, had been confined to the immediate relatives of the parties and to a very limited circle of family friends.

The parlors were darkened from without, but brilliant lamps and glowing fires made the light hearts within lighter and brighter still.

At 8:45 o'clock, unattended, Mr. Davis and his fair bride entered the parlor, where they were met by the Rev. W. O. Cochrane of the Central Presbyterian Church, who rendered the beautiful service that united them for life.

After congratulations, good wishes and fervent Goodspeeds, Mr. and Mrs. Davis left on the C. and O. for a brief visit to friends in Cincinnati, Covington and Louisville.

They will return about the first of next week and will be at home on West End Terrace.

The presents were numerous, handsome and useful, and came from friends in distant cities as well as at home.

BARKLEY-SMOOT.

How gladly sped the wedding bells! What happiness their ring foretells.

Yesterday afternoon at 3 o'clock, in the newly renovated Christian Church, occurred the binding together in the holy bonds of matrimony two young hearts which have long ago been in union because of the force of mutual love—Mr. Harry Barkley, eldest son of Mr. and Mrs. H. C. Barkley, and Miss Lillie Smoot, daughter of Mr. and Mrs. William P. Smoot, both residents of our city.

The sacred edifice, just from the hands of skilled decorators, wore its dress as if to be consecrated in beneficent performing the services for which these many years its altars have stood.

The chancel and steps thereof were massed in green, with here and there a lighted glimmer through, giving the appearance of an azure sky when Nature sleeps and only stars stand guard.

At the organ sat Miss Perry, who, evidently inspired by the occasion, brought from the cabinet organ delicious sound and harmonies divine. A violin in the hands of Dr. P. Gordon Smoot assisted in the music. His touching the strings of the instrument was as the charmed hand sweeping the chords of the soul, so responsive, so in sympathy were the notes.

As the wedding party came in the March from Attale was rendered, dimpling the to the faintest sound during the ceremony, imparting to the unifying message delivered by the divinely appointed representative of God that solemnity and sacredness which seals vows and covenants, than which there are none more earnest in life.

The officiating Minister was Rev. E. L. Powell of Louisville, formerly Pastor in charge of this Church, of which the contracting parties are faithful members. His rendering of the ceremony was beautifully done and the composition thereof was grandly sweet.

The ushers—Messrs. George Taylor Barbour and Elmer Downing—preceded the bride, who entered on the arm of her brother, Mr. Elgin Smoot, while the groom, following the Pastor, came from the baptistry in the rear. The ceremony being presided, the bride and groom, smiling and happy, led the way from the

altar. Entering carriages they were driven to the bride's home, where a change of toilet was made for a traveling dress preparatory to leaving on the F. V. for a few days trip, after which they will be found at home with Mr. and Mrs. William P. Smoot.

The bride was a picture in white, carrying a huge bouquet of Bride roses, the stems of which were enveloped in cream ribbon. Her dress was of organdie, simply made, but all the more to show the tinge of red upon her cheek sweet as the last departing rose-tint of early morn. Her eyes were filled with brightness till their light overflowed and beamed upon the gazers. Love gave to her a charm so sweet that man might scan her, cap-a-pie, and fall in love with beauty.

In giving our best wishes to Mr. and Mrs. Barkley we reach the realm of thought and find in the following verse an epitome of life's ways, which, if not encompassing all the sweets, let in enough of showers to bring their hearts more into love's entrancing ways than if only sunshine beamed full upon them:

In times full of sunshine, though splendid the flowers,  
Their sight have no freshness, their odors no worth;  
Tis the cloud and the mist of our isle of showers  
That call the rich spirit of fragrance forth.  
So it is not 'mid splendor, prosperity, worth,  
That the depth of Love's generous spirit appears;  
To the sunshine of smiles it may first owe its birth,  
But the soul of its sweetness is drawn out by tears.

HOOD-OWENS.

There was a beautiful home wedding at the residence of Judge J. S. Power at Flemingsburg at 3:30 o'clock yesterday afternoon.

The contracting parties were Mr. Charles G. Hood, son of Dr. Hood of Nepton, and Miss Lydia C. Owens.

The bride is a daughter of Mr. John N. Owens, whose residence is now at Lane, Kas. For some time she has made her home with the family of Judge Power at Flemingsburg, but for two years past has resided with her brothers and a sister in San Francisco.

The ushers were Messrs. Joseph Power, W. G. Prather, Clifton Worthington, and Mr. Brackett of Kansas City, the latter a cousin of the bride.

The wedding March was rendered by Mr. Dr. Edwin Matthews and Miss Magie Duke Watson of this city on the piano and violin, respectively, and by Mr. Carroll Power on the mandolin.

Rev. Morrison performed the impressive marriage ceremony, and after the usual congratulations the bride party was tendered a wedding supper at the residence of Dr. Hood.

Mr. and Mrs. Hood will begin house-keeping in a delightful home at Nepton. Sweet Cider at Gense's.

The officer who clubbed the man who made a rash at Secretary Carlisle in Covington is said to be in danger of removal from the force.

A Frankfort dispatch says notices of contest have been filed in the cases of all the Republicans elected to fill vacancies in the Legislature.

This is understood to have been in the interest of Senator Blackburn.

A cause must be desperate indeed when its supporters are forced to resort to such means.

The action at Frankfort is on a par with the un-American "boycott" instituted against a couple of Sound Money Democratic merchants of this city, who lost a few customers because they had manhood enough to vote according to their convictions.

Put your foot on the "boycott" whenever and wherever you see it!

## FIRE AT MT. OLIVET

### TRIBUNE DEMOCRAT BURNED OUT.

Editor Zoller's Loss About \$3,500, With No Insurance—Other Sufferers.

Special to Public Ledger.

MT. OLIVET, Nov. 11th.

For the third time within a period of a little over ten years the midnight bells have called the people of Mt. Olivet from their peaceful slumbers to fight fire, and the heroic work of our Fire Company, assisted by all the men and women of our town, alone saved Mt. Olivet from total destruction.

The wind was blowing a perfect gale from the South, and at 11:30 last night, as your humble scribe laid aside THE LEDGER preparatory to retiring, he mentally said: "This would be a terrible night for a fire."

Morpheus was contending in vain with tearing winds and rattling roofs to induce sleep, when the fire alarm was sounded, and in less time than it takes to write it the heavens were ablaze and the Hotel Block was doomed.

The fire broke out in Tribune Democrat Building, totally destroying it with all of its contents, and the frame building adjoining, formerly occupied as offices but latterly used as storerooms, was soon in flames.

The Fire Company saw it was impossible to save the Zoller Block, and they directed their efforts to save the adjoining buildings.

Blazing embers were carried by the wind for a half mile, and as they settled down the bucket brigade, stationed on the house tops, prevented them from getting in their devilish work.

The roof of Young's Hardware Store was once on fire, and had it not been discovered and put out in time nothing could have prevented every building on both sides of Main street from being burned.

Mr. Zoller had one of the best equipped printing offices of any town of this size in the state.

His loss, including buildings, presses, &c., will not fall below \$3,500, with no insurance.

The fire-dread seems to have a particular spite against the Mt. Olivet newspapers, for the last fire destroyed THE ADVANCE office with all its contents, but it is to be hoped that THE Tribune, like THE ADVANCE, will rise, Phoenix-like, from its ashes and continue to gladden our homes with its weekly visits.

The origin of the fire is unknown.

Mr. Zoller thinks the building was set on fire, but we cannot believe there is anyone in this county mean enough to do so devilish an act.

Mr. Zoller has the sympathy of all our people, and it is to be hoped that it will express itself in such a way as to enable him to start up again without unreasonable delay.

If you care nothing for your eyes—If expense makes no difference—If you are satisfied to live in darkness—if you have no liking for beauty, any old light will suit you. At Cincinnati Judge FERRIS granted the petition of JOHN JOSEPH UNLUCKY to change his surname to LUCKY. JOHN JOSEPH must have been a Free-Silver man.

The cost of the election in Philadelphia alone for printing, rent of polling places, advertising, pay of election officers and assessments, etc., amounted to \$138,500.

WHEAT has again broken the record for the season, going above \$1 cent. Now that the election is over MARK HANNA ought to stop "booming wheat for campaign purposes."

UNTIL the late campaign the world had never seen men who were getting their pay in the most expensive dollars begging to be paid in dollars worth about half as much, for no other reason than to make a few mine owners rich.

In view of the settlement of the money question, the Omaha Bridge and Terminal Company has arranged to spend between \$200,000 and \$300,000 in betterments in Omaha. The Omaha Water-works will also begin expenditures of \$100,000 at once. Thus it is, even in BRYAN'S own state, that the Boom breaks loose on account of the election of MCKINLEY.

THE Courier-Journal says although they have had a great deal to say about fraud and have threatened a contest before the State Canvassing Board, the Bryan managers in Kentucky seem to have about made up their minds at last that they have been defeated and that this last resort of the vanquished—the cry of fraud—can avail nothing. The people know that MCKINLEY has carried Kentucky by a plurality of about 500, and considers it settled at that.

If the incumbents retire when they become eligible to do so on full pay, President-elect MCKINLEY will have the appointment during his term of two Judges of the Supreme Bench, three members of the Supreme Bench of the District of Columbia, three members of the Court of Claims, and a number of the Circuit and District Judges. And if President MCKINLEY will cast his appollative eye Kentuckyward, he will find in the person of ex-Chief Justice WILLIAM M. HOLT a most excellent man for one of these positions.

SATURDAY'S Bulletin had this to say in its great revelation:  
"A great revolution has been effected this week in the conditions which control business. It would not be in any fair degree reflected as yet in transactions or in records, but there is ample evidence already that a crushing weight has been lifted and rolled away, and the business world has begun to adjust itself to a state of freedom and security which it has not known for years."

This is in direct opposition to what the able Editor of that paper has been preaching for months. He told us that MCKINLEY'S election and the continuance of the Gold Standard would ruin business and the country generally.

# THE LEDGER'S PROPHESES FULFILLED.

## McKinley's Election Has Restored Confidence and Given a Big Boom to Business.

"Advance Agent of Prosperity."

THE LEDGER was insistent throughout the late campaign that the election of MCKINLEY meant the restoration of Confidence and the immediate resumption of Manufacturing and Commercial Business throughout the country.

There were those who contended that the very opposite would be the case.

It is useless now to argue the question; it is settled by the results;—and that our readers may see who was right THE LEDGER will give, from day to day, a partial list of the industries that are reviving under the assurance that the incoming Administration will be friendly to American interests.

**THE LAYING OF RAILS ON THE GOLDEN CIRCLE RAILROAD IN THE CRIPPLE CREEK MINING DISTRICT WAS BEGUN. S. T. SMITH, PRESIDENT OF THE FLORENCE AND CRIPPLE CREEK RAILROAD, IS IN CHARGE, AND IT IS REPORTED THAT HE HAS FLOATED BONDS THERE FOR THE CONSTRUCTION OF NOT ONLY THE GOLDEN CIRCLE, BUT ALSO OF THE FLORENCE THROUGH RAILROAD, WHICH IS TO RUN FROM FLORENCE TO THE SILVER CLIFF DISTRICT.**

Three thousand unemployed have been given work at Syracuse, N. Y.

At Toledo, O., the Shell Bicycle Works have added 400 men and are now running full time. The Lozier Bicycle Works, which opened up with a partial force some time ago, have doubled their hands. The Milburn Wagon Works have largely increased their force of employees. The business houses are sending their full complement of drummers out.

One thousand one hundred more men were employed to work on the construction of the K., C. & P. and G. Railroad in Arkansas.

At Ipswich, Mass., the woolen and cotton mills of the Ipswich Corporation, which have been shut down for some time, will start on full time early next week. Employment will be given to about 1,000 hands.

The Barney & Smith Car Works will begin operations at once with a force of 2,000 men at Dayton, O.

Every bank at Sioux City reports increased deposits of cash.

At Springfield, Mass., the Spalding & Pepper Manufacturing Company has started up its factory after a few weeks' shutdown, pending the results of the election. The company had a large number of orders conditional upon the Republican victory.

**CHICAGO.**  
Representatives of the big manufacturing companies said there was great improvement in the business world. The Illinois Steel Company was one of the first of the big concerns to reopen. The doors of its Joliet plant were opened Wednesday night, and it is believed the South Chicago Mills will be opened in the course of a week.

**BACINE, WIS.**  
H. M. Wallis, Manager of the J. I. Case Plow Works, said that his plant would resume in two weeks. They will put on a full force of hands and run ten hours a day. The J. I. Case Threshing Machine Company will resume about December 10th, with a full force of hands. The Racine Woolen Mills will resume December 1st with a full force of hands. The Racine Wagon and Carriage Company, a concern that employs nearly 1,000 people, will commence running full time with a full force on the 15th. The same information was elicited from the Mitchell & Lewis Wagon Company, Belle City Manufacturing Company, Northwestern Trunk Company and a host of smaller concerns. The A. P. Dickey Manufacturing Company started up on Wednesday.

**PITTSBURGH.**  
With the news of McKinley's election the announcement was made by many manufacturers that operations in idle mills would be resumed. At Jones & Laughlin's the continuous mill was put on, and the steel mill went on in full. Two hundred more men were given employment in the hoop department of Painter & Sons' mill. At Zum & Co.'s plant twenty-two additional puddling furnaces were put on. Oliver's South Tenth Street Mill also started up. Many other factories here are lighting their furnaces. The 600 shop employees of the Pennsylvania Railroad went on full time, with an increase of wages of 10 per cent.

**CHATTANOOGA, TENN.**  
One of Chattanooga's savings banks demonstrated its confidence in McKinley's victory early yesterday morning. "We will back our confidence in the accuracy of the election reports," said the Cashier, "and from the opening until the

closing of the bank will pay all checks presented in gold." As all the city banks had been refusing to pay gold for weeks, the action of the bank was a convincing argument to doubters.

**HOOVER, MISS.**  
Great Republican celebrations are being held throughout the iron and copper district and will be continued during the week. McKinley's election undoubtedly means the employment of over 10,000 idle miners in the upper peninsula alone before next spring.

**KANSAS CITY, MO.**  
"We will put 1,500 more men on the construction of the Kansas City, Pittsburgh and Gulf Railroad way at once," said President A. E. Stillwell of that road yesterday. "We began laying track south of Meigs, Ark., yesterday at the rate of three-fourths of a mile a day. We received cablegrams from Europe buying our securities this morning."

**DETROIT, MICH.**  
Savings bank deposits have heavily increased the past two days, and the banks are now willing to pay gold in small amounts.

**CANTON, ILL.**  
The large and extensive implement works of the Parlin & Orendorff Company of this city yesterday resumed work in all departments. They will immediately start out all their traveling men.

**BIRMINGHAM, ALA.**  
Three big mills in this city, employing 3,000 men, have resumed as a result of McKinley's election.

**SPRINGFIELD, MASS.**  
The Spaulding & Pepper Manufacturing Company has started up its factory in Chicopee, after a few weeks' shutdown, pending the results of the election. The company had a large number of orders conditional upon the Republican victory.

**DENVER, COLO.**  
J. T. Grayson, mining promoter, says: "I know of more than \$300,000 that is looking for investment in this state, and if the right kind of properties are found, the money will be placed here in six months. The confidence which investors will have in the stability of the Government under McKinley is a strong feature in placing investments."

**CALAIS, ME.**  
The banks of St. Stevens, New Brunswick, which had been discounting American silver 10 per cent, during the campaign, took it at par yesterday, now that McKinley's election is assured.

The majority of the stores on the Canadian side of the line are also generally taking Yankee silver dollars at their face value. The boycott has been raised and the Canadians are satisfied that our money is as good and will continue to be as good as their own.

**MILWAUKEE, WIS.**  
The Milwaukee Harvester Works has employed 300 additional men. Two hundred more will be added within a month. Railway offices report a great rush for mileage books by traveling agents.

**SAN FRANCISCO.**  
One of the great projected enterprises dependent in part on the election of McKinley is once more attracting attention here, at San Diego and in Chicago, New York and Philadelphia. It is the heavily backed proposition of a number of American capitalists to establish on the Pacific a magnificent line with such railway arrangements in the United States and such connection with the new trans-Pacific line as will make it a vital and effective part of the great round-the-world system of communication. This new proposition, which has long since passed the stage of preliminary discussion, bids fair to be in full operation before any Pacific port has welcomed the first of the much-talked-of Japanese liners. The project had its inception in Chicago, and among its most enthusiastic supporters are Marshall Field, the millionaire drygoods man, and other Chicago millionaires. The New York end of the enterprise is taken care of by the E. C. Potter & Co. In Philadelphia the concern is supported by William Cramp & Sons, the ship builders. It is the intention of these capitalists to establish a new trans-Pacific line, superior to any other. Their plan calls for the construction of a number of steamers of not less than 5,000 tons burden, and of twenty knots speed, which will make them eligible to the benefits of the United States mail subsidy of \$4 per traveled mile.

The distance from the California coast to Hong Kong is 7,000 miles and thus each steamer would be entitled to a bonus of \$28,000 for single trip. It is proposed to begin the enterprise with four twin-screw steamers, capable of carrying 5,000 tons of freight, 300 first-class passengers and 1,500 steerage passengers. As originally proposed, the

line was to run from San Diego to the ports of China and Japan, but since then an agent of the company has come to the coast and opened negotiations to make San Francisco the terminus on this coast.

## BOLD ROBBERY.

Masked Men Bind and Gag the Night Watchman

Of the Star Brewing Co., Cleveland, O., and Blow the Safe.

The Robbers Secured \$5,000 and a Collection of Rare Coins Valued at \$1,500—After Looting the Safe They Took Everything of Value in the Office.

CLEVELAND, O., Nov. 12.—The most sensational and successful robbery that has occurred in this city for years was perpetrated at the works of the Star Brewing Company early Wednesday morning. Nightwatchman Louis Christiansen, was making his routine inspection of the building, when five masked men sprang out of the darkness. A fierce struggle ensued and weapons of all kinds were brought into use. The robbers, who were heavily armed, but refrained from using their guns in order to avoid noise. The watchman was finally overpowered, bound and gagged and taken to a steam pipe. The robbers then broke open the office door and wrapped the safe with wet rags. A collection of rare coins was taken and the safe blown to pieces with dynamite. After looting the safe of its contents and taking everything of value in the office the robbers departed. The helpless watchman managed to free himself after repeated struggles, and gave the alarm.

Officers quickly arrived and made a thorough investigation. The robbers left no clue behind them, but in the opinion of the police that the crime was the work of professional safe blowers. The robbers secured \$5,000 in money and carried away a collection of rare coins belonging to C. A. Strangman valued at \$1,500. The robbery occurred in a densely populated, wealthy residence part of the city. Watchman Christiansen sustained three severe wounds as the result of his struggle with the men.

### SECRET SERVICE.

Annual Report of Chief W. P. Hazen—Counterfeiting Materials.

WASHINGTON, Nov. 12.—The annual report of W. P. Hazen, chief of the secret service, states that the counterfeiting of paper money has materially decreased during the past year. This can in part be accounted for by the large increase in the number of notes found in circulation, some of which are most skillfully executed. He attributes the facility with which the public are deceived by raised notes to the frequent changes in the designs of the United States notes, which makes it almost impossible for the public to become familiar with the currency. It is also made plain, he adds, that the distinctive paper in use is not so criminal rather than a protection to the public, because of the fact that a note printed upon paper containing silk threads (as a number of the notes of the counterfeits and all the raised notes are) is accepted in a majority of instances without hesitation, owing to the erroneous impression that the paper used by the government is manufactured by secret process and can not be imitated. He has also become convinced that the introduction of silk into the paper tends to lessen its wearing qualities and is, therefore, responsible to a degree for its short life.

The counterfeiting of gold and silver coins has been on the increase in all parts of the country. Some counterfeiters of silver coins have appeared on the Pacific coast and are credited to the genuine, both in weight and fineness, and made from discs of excellent workmanship.

### Meeting of the National Grange.

WASHINGTON, Nov. 12.—The thirtieth session of the National Grange convened Wednesday morning in the National hotel, 30 states being represented by 150 delegates. General Secretary John Trimble, of this city, and Wm. Saunders, superintendent of the agricultural department, greeted the assembled delegates. The national capital, Mr. Saunders, in his speech, advocated the erection by the National Grange of a hall of agriculture in Washington. Worthy Master J. W. Brigham, of Ohio, responded to the address on behalf of the grange. Wednesday afternoon the worthy master delivered his address.

### The Health Crisis in North Dakota.

PINEBLAKE, S. D., Nov. 12.—Returns from Gregory county came in Wednesday afternoon. This county had been counted on to give Bryan 100 majority. It gave him only 4. It still looks as if the Bryan election will carry the county by 25 or 30 votes. Lee, the populist, seems to be elected governor, while the rest of the republican state ticket seems to have pulled through. The legislature has a populist majority of 80. Senator Kyle has a decided lead and will probably succeed himself.

### Watson's Letter of Acceptance.

ATLANTA, Ga., Nov. 12.—Thomas E. Watson's letter, accepting the vice-presidential nomination of the people's party, has at last been received by the public. It was written on October 14 last to Senator Marion Butler, chairman of the nomination committee and manager of the populist cause. It was suppressed by Senator Butler during the campaign for reasons that are known to him. The document would make seven columns of a newspaper.

### Treasury Gold Reserve.

WASHINGTON, Nov. 12.—The treasury gold reserve at 10 o'clock Wednesday had increased to \$123,035.48. The net gain at New York for the day was \$775,000. The withdrawals at New York were \$7,100.

### Appointed a Receiver.

WASHINGTON, Nov. 12.—Controller Estlin has appointed E. L. Lyons receiver of the Marine National bank, of Duluth, Minn.

## GEN. MILES

Makes His Annual Report to the Secretary of War.

WASHINGTON, Nov. 12.—In transmitting to the secretary of war the annual reports of the department commanders in connection with his own reports upon the military operations of the past year, Gen. Nelson A. Miles, commanding the army, has recommended the discipline and personnel of the army.

Regarding the distribution of the army at important fortifications, also the 6,000 miles of seacoast and at certain points along the 7,000 miles of national boundary, which is necessary to give security against a foreign foe and protection from Indians, Gen. Miles earnestly recommends that no consideration for the location of military posts be entertained except when they are called for by the military authorities and deemed absolutely essential for the national requirement.

Gen. Miles recommends that the enlisted strength of the army be fixed at one soldier to every 1,000 of population as a minimum, the maximum not to exceed one soldier for every 1,000 of population. "The strength to be determined by the president of the United States according to the necessities and requirements of the nation."

He renews his previous recommendation that a military station be located on the Rocky mountains and one east be established for the accommodation of one regiment of cavalry each. Also the recommendation concerning the use of bicycles and motor wagons and the promotion of enlisted men who shall be found competent for the grade of second lieutenant after five years' service.

Referring to coast defenses, Gen. Miles recommends that appropriations of last year for liberal appropriations for high power guns, mortars and other artillery necessities, and urges out-fitting of the army for the work of ordnance, engineer and quartermaster's departments be made available during the coming year. Among items recommended are:

San Diego, Cal., \$600,000; San Francisco, \$600,000; the Columbia river, Oregon, \$500,000; Puget Sound, \$750,000.

### GREAT BRITAIN

Not Ready to Recognize the Monroe Doctrine as International Law.

LONDON, Nov. 12.—The Globe, commenting upon the Venezuelan arbitration treaty, says it welcomes the agreement because it releases the United States from a false and dangerous position. If the commission had reported adversely to Great Britain, the paper adds, President Cleveland would have been forced to ask humbly of the British government that it should not enter the Venezuelan arbitration treaty, with the result that if the Washington government had seen fit to do so, it would have been the land the developments of the United States have been retarded for half a century. The Globe adds: "It must be clearly understood that the constitution of the new arbitration tribunal is not to establish a precedent and is not to be a basis for the future of the United States and the United Kingdom in North and South America, nor are we ready to recognize Monroe as an international law."

### TERRIBLE FATE.

Nitro-Glycerine Salesman Blown to Atom.

MOONSVILLE, W. Va., Nov. 12.—Louis Conn, a nitro-glycerine salesman in the employ of H. K. Lantz of Moonsville, was the victim of a terrible fate Wednesday afternoon, being blown to atoms by an explosion of the stuff he was selling. A 400-pound can drove to the outskirts of town to get a gallon of nitro he had buried there. He used a pick to dig it from the ground, and it is supposed the instrument came in contact with the can. The explosion was heard all over the town and caused great excitement. Conn's remains were scattered for 100 yards around and one foot was the largest piece found. In the burying place occupied were four gallons of nitro, and at the report of the explosion the horses ran away, but strange to say, the jolting did not hurt them. Conn was a young man and sold glycerine to the oil men.

Contagious Disease in Havana. —WASHINGTON, Nov. 12.—Surg. Gen. J. M. Smith, of the marine hospital service, at Havana, Cuba, reports to Surgeon General Wynan, under date of October 31, that both yellow fever and smallpox have increased there during the week past. There were 300 deaths, caused by yellow fever, with 300 new cases; 35 were caused by smallpox, with 350 new cases. Sixty-nine of the 73 deaths from yellow fever were among Spanish soldiers in the military hospitals. Other places report similarly high rates of mortality.

## GEN. GARCIA,

With a Large Rebel Force Captures the Town of Guisamaro.

Bridges Burned, Culverts Burned and Railway Tracks Torn Up.

The Garrison, 150 Soldiers and 35 Armed Citizens Surrendered, and Are Paroled; Church Towers Blown Up With Dynamite—War Material Captured.

KEY WEST, Fla., Nov. 12.—Passengers who arrived from Havana Wednesday night bring intelligence that the capture of Guisamaro was of more importance than first reported. When the news reached Havana it caused great excitement. It was partially printed, but was wired to Madrid and made a sensation. It is said it so stirred the people that they forced the government to oblige Weyler to take the field.

The steamer Julia, which arrived at Havana Sunday from Nuevitas, reports no communication with the city of Puerto Principe since the 31st.

Many bridges have been blown up, culverts burned and about seven kilometers of railway track torn up. Great anxiety prevails in Nuevitas regarding the fate of Puerto Principe. The steamer brought letters detailing the attack on Guisamaro. It appears that Gen. Calisto Garcia, with a large rebel force and two pieces of artillery, attacked the place on October 17. The next day he captured the trenches and destroyed ten forts surrounding the town.

The garrison, 150 soldiers and 35 armed citizens, surrendered, but were ordered released except quartermaster Manuel Molino, being a Cuban, attended the wounded. They were then sent to Puerto Principe under an escort. The officers were paroled. Maj. Martinez, in command of the detachment, was wounded in the arm and died at the hospital as a result of amputation.

The citizens of the town were forced to aid the rebels destroy the trenches, houses, etc.

The church tower was blown up with dynamite. Much war material was captured. All steamers were sacked, owners made prisoners, and a ransom exacted.

The so-called fusion of local political parties is a farce. It was all done by coercion. Civil Gov. Porrua, under instructions of Weyler, forced the leaders of the parties to accept their resolution was taken the same day Weyler left for the field, who feared to leave behind troublesome elements. There is a great undercurrent of feeling against Weyler in Spanish circles. It is known he has been pushed to take the field. It is said he will fall in disrepute against Gen. Macao. The latter is reported strongly fortified in the mountains. Tuesday night Weyler encamped in the Gomor and Macao and news has arrived that he had an engagement with the rebel parties under Perico del Gade and Porrio Diaz. It is reported Weyler was forced to fall back. News also has been received that Gen. Munoz made another attack on the Rabi hills where Macao is supposed to be strongly entrenched. A fierce fight is said to have occurred but no details are known.

Great excitement prevails in Havana, not only on account of the above, but also because of news received from the United States suggesting that Cleveland's future attitude on the Cuban question.
